Happy New Year to all our annual members and guest. We are looking forward to this New Year and all the great things we have planned for our course and patrons. As you know we did some extensive tree work in 2024 that really helped our new greens. We had a really good year with over 30,000 rounds and we look to build on it this coming year. We started the year off with 98 members and by the end of the year we were at 178 members. Starting in 2025 we are now at 187 members.

Annual members

Starting February 1st 2025

You can now book tee times online. You may go to our website www.mysteryvalleygolfcourse.com, go to our tee times tab and click member login. You will have a password that will be given to you to log in to make your tee time.

Both groups are very supportive of the club and great group of people to be around. For more information contact the Pro-Shop.

We also have group called the Odd Balls that play on Wednesday's, Friday's and Saturday morning. A great group that you would enjoy playing with. Contact Buddy Stacy - 404-285-0815

We have an evening league called Spark Golf that plays on Wednesday's at 4:00 PM. It is a 9-hole group that love to come after work and get in a quick round of golf during the evening. To join go to sparkgolf.com and register.

Golf Course Maintenance News

Friends and Guests:

Welcome all! 2025 is just getting started and we thought we would share some of the projects we are planning to accomplish this year. While temperatures are still cold, we will be bush hogging various areas around the course and driving range. This will help with the appearance of the course. We will also be working around the front gate and along the fence at #6. The idea is to improve sight lines onto the course from the road. It will also improve sight lines when pulling out of the course onto Shadow Rock Dr. improving safety. Finally, it will improve the “look” of the front gate area.

Once temperatures warm up, we will be looking at a couple of other projects. We are looking at sodding many large areas in the fairways. This is to improve playability. Another project will be leveling and sodding #16 tee box. This has been a popular request so we would like to accomplish that for you.

As always, we appreciate your time and input and are looking forward to another great year.
